Anytime after 10:00 works for me...I had one change to a slide, may have a few more additions once I double-check the risk assessment...

Hey Chuck – It's fine if you want to participate by phone. We will set up a line and webinar link. Could you refresh my memory what time worked best tomorrow for you to discuss?

Also, did you have any revisions to the slides?

Diane,

Do you need me to be in the office tomorrow for the dry run, or can I participate over the phone? Either is fine, just wanted to make sure if the phone was an option.

Hello I am sending you the CSTAG presentation. It is not the latest version since I don't have that, but the risk assessment slides have not changed. It is only about 5 slides. Please take a look and let us know if it is enough or needs more or if either of you would like to present. We are up in the air about that right now. Keegan of CDM could do it as he presents the surrounding slides or one of you. Please let me know your thoughts.

Thanks
